Join us for Customer Appreciation Events!

ADI is “Shifting Gears” in 2009! This year’s theme demonstrates the commitment of ADI and its vendors to help dealers move into new markets to broaden their offering, and create new growth opportunities. Now more than ever, ADI is focused on providing new products and programs to help its customers diversify their business and stay ahead in today’s competitive market.

The event calendar is filling up with great functions such as the ADI Customer Appreciation Events and the ever-popular ADI Expo Training Series. Targeting seven locations across Canada, CAEs will kick off on May 12, 2009 in Calgary, Alberta and then onto Edmonton, Alberta on May 14th.

Visit the Vancouver ADI Expo on April 23rd—the Industry’s largest one-day event. This Expo offers valuable training courses, tabletop exhibits, important new product introductions and face-to-face interaction with today’s cutting-edge manufacturers, all free of charge. This valuable learning experience can provide you with the tools and opportunities to help you pull ahead of the pack in a competitive market.

Don’t miss your opportunity to learn about new products and spend valuable time with leading product vendors. Stay tuned to www.adi-burtek.com for more information on these upcoming events. Let ADI help you create new opportunities by Shifting Gears in an exciting year ahead!
