As a leading global wholesale distributor of security and low-voltage products, ADI is committed to a higher standard of service, support and education. ADI is now offering level two PTSO course Video Over IP. This course discusses why Video over IP is an emerging market and provides the attendee with a proper understanding of what is involved when designing a network-based security system.

This is a full-day course taught by PTSO Instructor Gavin Daly. Lunch will be served.

Enrollment fee:

- \$150 per person
 - \$100 per person when 3 or more participants from the same company register
- NOTE: Level 2 prerequisite: Level 1 or an equivalent DVR/Networking course.*

Register early, each class size is limited to 20 students!

Click [HERE](#) to register for this course online or visit www.ptsotraining.com

RSVP online or by fax: 1.631.692.3502 or by email: mike.masten@adiglobal.com

Company Name: _____ No. of attendees: _____
